

It was a stormy Halloween night, many people went home but not many people were getting candy, people were stealing things and one family will get the ultimate vampire trying to get complete and total world domination.

Soon the vampire sneaks into the house, "Good, the children are asleep. Now I can get them" the vampire said. Then with a loud CRASH the children were gone. Screaming as loud as they could, the children started to kick and punch the vampire, desperate to get out and run home, but the vampire didn't let go, and the vampire tightened his grip of the children's shirt.

Terrified, the children started to cry. "HELP US! WE'RE BEING KIDNAPPED! CALL THE POLICE, CALL THE FIRE DEPARTMENT, CALL 911, CALL THE ARMY, ANYONE SAVE US!!!"

Soon, the vampire got to his home, and got to work to make the children his minions. Soon he hypnotized the children and let them sit and he waited until 10:00 at night. The vampire tried to make robot minions but it didn't work.

The children's eyes glowed red, the children's arms began to expand and they started to punch the other robot minions, they began to get more arms and their teeth began to look like vampire teeth they also began to growl. The vampire said, "Now, my minions, steal me a Mona Lisa picture, and make it snappy!" the children obeyed.

When they got back to the vampire's house they were 1,000,000,000 feet high and 9,000,000,000,000,000,000 foot long. The vampire was impressed and gave them a checklist of things to steal, this was the list, #1, STEAL YOUR OLD PARENTS #2, STEAL 1 MILLION DOGS #3, STEAL 2 THOUSAND CATS.

Then things took a turn for the worst, the vampire thought, "if I create a machine that makes tornados anywhere I want, then I can take over the world! hmm AHA, it's so simple!" "MWHAHAAHAAAA!!!"

The vampire said. "NOW MY MINIONS, GRAB ME EVERYTHING I NEED TO BUILD A TORNADO MACHINE! NOW I MEAN IT DO IT NOOOOOOW OOOOR EEELLSSEEE!"

The minions got it in a jiffy and built the machine. Soon the machine made tornados. But on tornado accidently landed on top of them! The vampire screamed, "WE'RE GONA DIE, MY OWN MACHINE IS GOING TO KILL ME!" Then they got picked up then dropped from 2 thousand feet in the air they all screamed then one of the minions put out his parachute and grabbed all the screaming minions and the vampire. But the parachute got a hole in it. Then they began to scream. The vampire screamed, "I WANT MY MOMMY! (SCREAMING)!!!!!!!" Then the vampire's shirt got stuck. It didn't budge a muscle. It was stuck on a piece of broken glass. The vampire notices a brick that weights 2 hundred pounds heading straight for him, "Ooo, I'm shaking in my baby seal leathered boots," he screamed.

The minions landed on their house's roof and put a hole where they were sitting, right above their own bed. "Plop!" They landed on their bed, sound asleep, but the vampire wasn't so lucky. Instead of landing on his bed, he landed in front of his angry mom and dad so he got grounded for 2 weeks. And the tornado machine stopped making tornados.

THE END.
