

<b>App</b>	<b>Cost</b>	<b>Details</b>
<b>Based on Books</b>		
Bob Books #1 – Reading Magic	3.99	These apps complement our best-selling learning to read program. They take your child on an interactive journey that blends learning, reading, and fun.
Don't Let the Pigeon Run This App!	5.99	This fully animated app includes hilarious shake-and-play technology, customized voice integration, and other exciting interactive features. Plus, you can draw the Pigeon with Mo!
The Going to Bed Book	3.99	Far beyond any e-book experience, The Going to Bed Book app has all the magic and appeal of a traditional pop-up book, offering lively interactivity and thoroughly mesmerizing and delightful discovery.
Goodnight Moon	4.99	With a touch, swipe or tilt of the screen little fingers send the cow jumping over the moon and make the three little bears chatter and laugh in their chairs. Find and follow the tiny mouse playing hide and seek and discover hidden surprises on every page. Empty the bowl of mush, make the mittens wave good-bye and hear the old woman whispering hush while shooting stars, purring kittens and slowly fading light help your own little bunnies drift off to sleep.
The Monster at the End of this Book	4.99	The Monster at the End of This Book enhances the classic Sesame Street book with a completely immersive experience that draws children right into the story. Join lovable, furry old Grover as he tries his very hardest to tie down pages and build brick walls— all to keep readers away from the monster at the end of this book
Press Here	1.99	Picking up where the book left off, this app introduces children to a magical world of brightly winking, blinking, multiplying, and colliding dots that create visually rich, intuitive play. Screen-poking tots and fun-loving adults alike will giggle with delight as the dots multiply, change direction, and grow in size.
<b>Concepts</b>		
LetterSchool	2.99	An amazing, intuitive game to learn all about letters and numbers: writing, counting, phonics and more.
Make it Pop!	1.99	We all love to make things pop! Learn shapes, letters, colors, and numbers while popping bubbles, balloons, fireworks and popcorn! Well suited to young children, each of the games focuses on one educational concept. Beautiful illustrations and playful interaction will make this an instant hit for your child!

Build and Play 3D	2.99	A great app for learning about sequencing, puzzle completion, and machines. Kids assemble the different parts of machines, and upon completion the machines come to life. Great for transportation and puzzle lovers.
eliasPAINTS	1.99	A fun coloring app that inspires creativity. Children can choose from animal, alphabet, number, or object coloring pages.
Bugs and Numbers	2.99	Make math fun for your child. Encourage their excitement for one of life's most critical skill sets by making it both educational and fun with Bugs and Numbers.
Words that Go with Richard Scarry's Busytown Cars	1.99	With five modes, including letter matching, early phonics and spelling, this app grows with your child.
<b>Music</b>		
Toca Band	2.99	Toca Band is a fun and easy toy that encourages children to explore music in a new creative way! Choose from 16 different cool characters – each with their own unique quirky sound and musical rhythms.
<b>Older Kids</b>		
Weird but True!	Free	Weird But True presents each of the 625 facts in a fun, colorful, and interactive format that will keep kids entertained—and learning—for hours!
The Human Body	2.99	Explore a working model of the body. Every part is animated and interactive: the heart beats, guts gurgle, lungs breathe, the skin feels, and eyes see.
Toca Builders	2.99	Join your new builder friends on an island far away and create a whole new world with blocks. Jump, walk, roll and rotate the builders to use their unique skills, and they will help to build whatever you can imagine! (Similar to Minecraft)
Motion Math: Pizza	3.99	Create the pizzeria of your dreams in Motion Math: Pizza! Learn economics and mental math as you buy ingredients, design pizzas, set prices, and serve customers in this delightfully delicious simulation game.
Minecraft Pocket Edition	6.99	This is the mobile version of Minecraft.
NASA app	Free	Explore space and beyond with information from NASA about astronomy and the space program.
Bill Nye the Science Guy	Free	Videos, at-home experiment instructions, and games teach kids all about science.
